

Swiss Cyber AI Conference 2026 Agenda

Agenda Overview – Swiss Cyber AI Conference

 Palazzo dei Congressi, Lugano

 14 April 2026 from 10:00 till 19:30

Main Stage – Swiss Cyber AI

Time	Session Title	Format & Focus
11:00 - 11:10	Grand Opening	Welcome to Swiss Cyber AI Conference <ul style="list-style-type: none"> • Moderator: Milena Thalmann • Co-Founder: Taisiia Onykienko
11:10 – 11:30	🔗 Opening Panel: Beyond Deterministic Security – Securing the Agentic Era	Moderator: Dr Yuecel Karabulut panellists: Sascha Maier (CISO @SV Group), Christian Serra (Principal Consultant @ Cyberopex), Doruntina Jakupi (Principal Consultant @ Google Cloud Security), Sandro Nafzger (CEO @ Bug Bounty Switzerland) Focus: Agentic AI, autonomous decision-making, why traditional identity and security models break, and how CISOs can enable secure experimentation without losing control.
11:30 – 11:50	🔗 Panel: AI Threats & Opportunities with Zero Trust in Cybersecurity	Moderator: Milena Thalmann panellists: Balz Zürer (CEO @ Online Group), Giovanni Curatola (Security Engineer @ Google Cloud Security), Luzi Sennhauser (CEO @ aurigin.ai), Gianclaudio Moresi (Corporate CISO @ Forbo Group). Focus: How attackers weaponize AI vs. how defenders respond, generative attacks, AI-enabled detection & forensics.
11:50 – 12:10	🔥 Fire Chat: When AI Fails – Who Takes Responsibility?	Live Fire Chat Speakers: Corrado Iorizzo (Account CTO @ Microsoft) + Fabio Nigi (CISO @ Philipp Morris). Focus: Accountability between CTO, CISO, and Business Leadership.
12:10 - 12:40	🔥 Secure by Default: Why AI Security is an operating model, not just a tool	Expert Keynotes Speakers: Bogdan Carstea (Senior Enterprise Architect @Akamai) & Rico Petrillo (Lead Technology and Operations for CDN & Edge Security @ Swisscom Broadcast)
12:40 – 13:00	🏛️ Panel: The Cost of a Breach – Ransomware, Insurance & Reputation	Moderator: Dr Yuecel Karabulut Panellists: Joshua Hunter (Director @ ISF), James Derbyshire (VP @ Harmonic Security), Rocco Talleri (Lawyer Talleri), Alessandro Zoncu (VP Sales @ Critical Case) Focus: Financial impact, cyber insurance, legal exposure, board communication, and reputational damage.
13:00 – 13:45	🍽️ Lunch Break	
13:45–14:20	Architecting Secure AI Agents	Dr Yuecel Karabulut / Security Executive & Board Advisor @ Amazon Web Services
14:20–14:40	From AI Hype to AI Resilience	Sascha Maier / CISO @ SV Group
14:40–15:00	Adopting AI Across the Workforce with Confidence	James Derbyshire / Founding Executive @ Harmonic Security
15:00–15:20	SOC Powered by AI	Adam Holt / AI SOC Leader @ Torq.io
15:20–15:40	The Next Generation of Cyber Attacks: Are You Ready?	Jacob Graves / Director @ Prompt Security - Sentinel One
15:40 – 16:00	Transition Break	

Afternoon – Room A (Premium Main Stage)

📍 Palazzo dei Congressi, Lugano – Main Stage – 800 seats

📅 14 April 2026 from 16:00 till 19:00

Moderator: Milena Thalmann

Time	Session Title	Speaker
16:00–16:20	From Strategy to Reality. How We Transformed Our Company to AI-First.	Balz Zürrer / CEO @ Online Group
16:20–16:40	The Agentic SOC: Redefining the Future of Security Operations	Giovanni Curatola / Security Engineer @ Google Cloud Security
16:40–17:00	Red vs Blue Team Simulations – Lessons from Real Attacks	Sandro Bachmann / Threat Intelligence @ Infoguard
17:00–17:20	AI Governance & Ethical Challenges in Security	Christian Serra / Co-Founder @ Cyberopex
17:20–17:40	Securing AI Itself	Waldman Shawn / CEO @ Secure Cyber
17:40–18:00	Cloud Security at Scale	Gunther Maday / Senior Solutions Engineer @ Cloudflare & Loris Impinna / Account Executive @ Cloudflare
18:00–18:20	From Theory to Reality: Closing Exposure Management Gaps with Security Validation	Torsten Kolb / Director @ Pentera
18:20–18:40	Detect AI risks. Protect AI systems. Undo AI mistakes. / How to ensure AI systems operate on reliable, recoverable, and governed data.	Mario Zimmermann / Senior Regional Director @ Veeam
18:40–19:00	How to orchestrate the world’s best ethical hackers – human and AI – into one unstoppable force	Sandro Nafzger / CEO @ Bug Bounty Switzerland

Afternoon – Room B1 (Cybersecurity)

📍 Palazzo dei Congressi, Lugano – 150 seats
 📅 14 April 2026 from 16:00 till 19:00

Moderator: Alessandro Zoncu

Time	Session Title	Speaker
16:00–16:20	Secure Your Sensitive Data and Sleep Well	Hervé Schweitzer / CTO @ dbi services AG
16:20–16:40	Inside Critical Cyber Incidents: Lessons Every Executive Must Know	Alessandro Zoncu / VP @ Critical Case
16:40–17:00	Fusion of Citizen and Public Services Cybersecurity	Dr. Diana Coman Schmid / Information Security Manager @ Kanton Zürich
17:00–17:20	Pragmatic AI Risk Management – where to start?	Jakub Bryl / Global Head of Security @ Tenthpin
17:20–17:40	Beyond Compliance: Scientific intelligence as a strategic asset for Swiss SME	Consoli Angelo / Head of Cybersecurity Programs @ SUPSI
17:40–18:00	Geopolitics in cybersecurity – Safeguarding national sovereignty in the digital era	Pietro Vassalli / ISO27001 Lead Implementer
18:00–18:20	Building Human Resilience Against AI-Powered Phishing	Riccardo Masutti / CEO @ Baited.io
18:20–18:40	Hacking LLM Applications: Attack Patterns, Defence Strategies, and why AI Security Training Matter	Medhane Hadush / Founder-CEO @ QbitDojo

Afternoon – Room B2 (VIP / Executive Room)

📍 Palazzo dei Congressi, Lugano – Main Stage – 50 seats

📅 14 April 2026 from 16:00 till 19:00

Time	Session Title	Format & Focus
16:20–19:00	<p>🔥 Tabletop Exercise: Major Supply-Chain Breach Scenario</p> <p>Interactive Exercise</p> <p>Information Security Forum(ISF)</p>	<p>Joshua Hunter / Regional Director DACH @ Information Security Forum</p> <p>Callum Moore / Practice Lead Board/Executive resilience & crisis management</p>

Afternoon – Room B3 (Artificial Intelligence)

📍 Palazzo dei Congressi, Lugano – 150 seats
 📅 14 April 2026 from 16:00 till 19:00

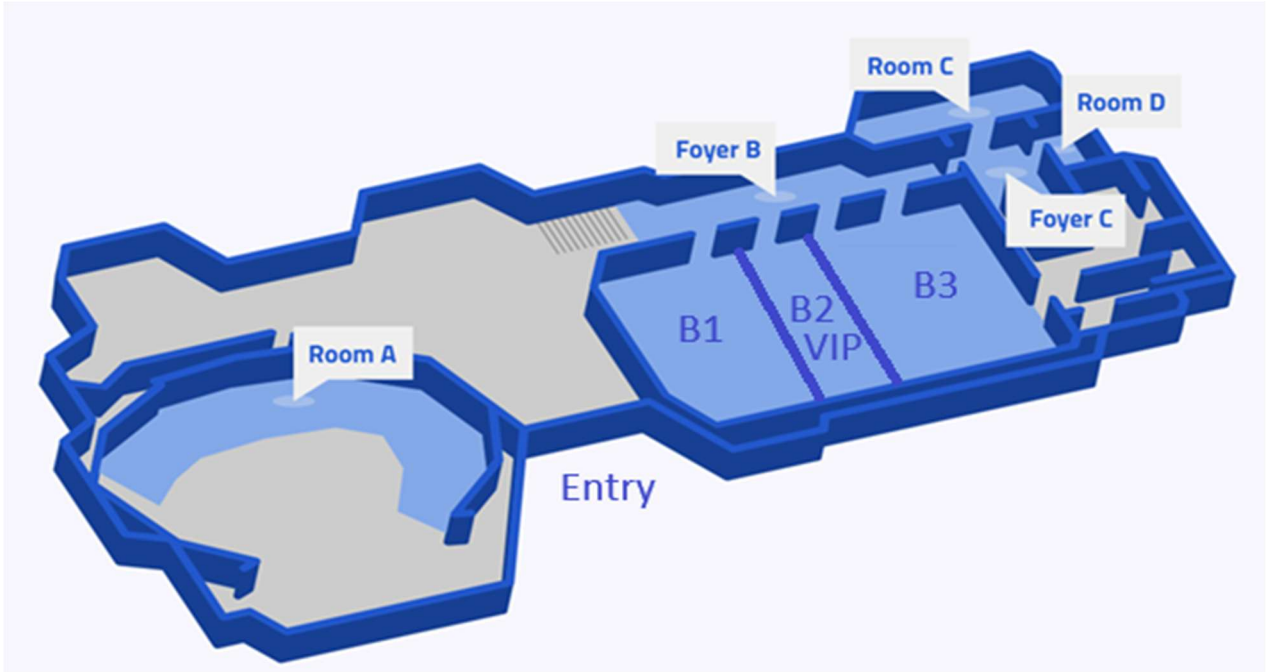

Moderator: Sascha Maier

Time	Session Title	Format & Focus
16:00–16:20	Real-world AI Threats	Carine Allaz / Founder @ CIRISK & Co-Founder @ Women4cyber
16:20–16:40	How to be protected by Deepfakes: Combat AI impersonation Threats	Luzi Sennhauser / CEO @ Aurigin AI
16:40–17:00	From LLM to Domain Admin: A Red Team Journey	Lewis Bramfitt / CEO @ Bramfitt Technologies
17:00–17:20	LLM and AI Agent Vulnerabilities	Nils Amiet / Senior Security Researcher @ Kudelski Security
17:40–18:00	Scaling Copilot Agents – from Hype to Impact	Pascal Brunner - Nikolla / Head of Modern Work @ Campana & Schott
18:00–18:20	When Model Explanations Leak: Privacy Attacks in MLaaS	Dr Omran Ayoub / Senior Researcher @ SUPSI
18:20–18:40	Threat Intelligence & Hacker Tricks	Donato Russo / Ethical Hacker @ Delta Informatica SA
18:40–19:00	AI At the Coal Face	Steven Ramsden / President @ Intertek

Venue Floor Plan

- Room A – 800 seats
- Room B1 – 150 seats
- Room B2 – 50 seats
- Room B3 – 150 seats
